GET TO KNOW OUR STAFF ...

Assistant Director:
Raylyn Norris

My name is Raylyn Norris. I started working here in June this year. Before working here I worked in the field of IT for almost ten years. I also worked in an early childhood setting for eight years where I explored various roles from educator to assistant director. I completed my diploma in early childhood education and could not be happier using my knowledge every day in such a great place.

I enjoy working with children, as a mother myself. I am very passionate about creating a safe, inviting, encouraging and inclusive environment for all students.

I was a volunteer in community services for a year. This provided me the opportunity to build my resilience and confidence as an individual. I absolutely love being involved in the community.

I am looking forward to getting to know all the students and families, don't hesitate feel free to ask any questions.
